

# Cushion Vinyl Flooring

Made in India

**RMG Polyvinyl India Limited**, an ISO 9001:2015 systems approved company and is one of the largest manufacturer and exporter of PVC Floor Coverings in India with annual production in excess of 40,000MT (27 Million Sq meters) of residential & heavy duty floorings. Winner of Top Export Award for PVC floor Coverings since several years, the products are exported to Asian countries, Europe, Gulf, Africa and the Americas.

RMG's state-of-the-art plant is located at Sikandarabad (UP) in the Delhi NCR region, the capital of India. The factory boasts of modern calendaring, LVT & cushion vinyl lines to deliver the widest range of flooring products which meet international requirements for abrasion, low smoke & fire retardant properties.

The factory also produces PVC leather, PVC Films & PVC Geomembranes.

RMG's flooring is marketed in India and overseas under the flagship brand WONDERFLOOR. The Wonderfloor product range includes floorings for home interiors, offices, education, healthcare, factories, buses & rail coaches, aerobridges, supermarkets, porta cabins, prefabricated shelters and almost all interior applications.

## TRENDO | Multi-Purpose Floorings

Trendo is a state-of-the-art multi-application flooring produced keeping in mind India's quest for the latest trend in comfort, sound & vibration absorption, pleasing shades and a very high abrasion resistance. These floorings are produced with Glass Fibre Impregnation to provide high dimensional stability and minimal shrinkage at joints. The "Wonderguard" surface treatment ensures very low maintenance requirements as dust & grime do not stick to the surface.

Trendo flooring is available in attractive wooden designs & non directional chip design and is most suitable for use in the healthcare industry as it has antibacterial and Anti static property as well. They are also suitable for use in large working areas like offices, libraries, educational institutes, stores, cafeteria and many other similar application.

### Salient Features

- Antistatic properties
- Non-directional and wood designs
- Anti bacterial and fungicidal
- **PUR** surface protection for ease in maintenance with stain resistance
- Glass Fibre Impregnation to provide high dimensional stability
- Termites and Moisture resistant
- Reduces noise impact
- High strength wear layer
- Easy to install
- **Application areas:** Hospitals, libraries, educational institutes, stores, cafeterias etc
- Wear Group **P**

#### Multiple layers for multiple benefits

Wonderfloor's **Trendo** incorporates **WONDERGUARD** state of the art technology which have exhibited 99.9% inhibition in growth of microbial activity under test conditions and also support clean room condition requirements.

### MAINTENANCE

**Do's:** • After laying of flooring, the surface should be cleaned daily with damp mop and weekly or fortnightly with soap solution • Prevent point load indentation by covering your furniture legs with rubber stopper caps • To remove stubborn stains, rub the affected area immediately with a soft coir brush or fine steel wool soaked in a warm soap solution • Scuff marks on the floor can be removed with little application of diesel • Use door coir or suitable mats to minimize accumulation of dust on Wonderfloor vinyl flooring • Use water to remove any chemical spill on flooring.

**Don'ts:** • Do not use any strong detergent, harsh cleaning agent or dry steel wool • Throwing of lighted cigarette butts or match sticks on the floor should be avoided as it could lead to burn marks on the floor • Do not drag any heavy object or furniture on the flooring to avoid scratches on the floor.
